KRISTEN WANG

📁 Architecture & Design Experience

Founder

Kristen Wang Design

12/2018 - present

- A design studio with focuses on materiality, functionality, sustainability and aesthetics
- Featured brand: Re.Bean Coffee Projects – fully biodegradable furniture pieces made from spent coffee ground waste

Digital Fabrication Technician

Fablab & NextLab, MSD, University of Melbourne

2/2018 - present

- Providing professional advice in digital and physical fabrication for students;
- Providing technical consultations on 3D printing, AR (Microsoft Hololens), VR (Vive) and 3D scanning;
- Processing laser cutting and 3D printing jobs submitted from students, staff and general public.

Technical Tutor

Digital Design, MSD, University of Melbourne

2/2019 - 6/2019

- Tutoring digital design technical sessions;
- Teaching digital design skills and software together with digital fabrication skills, including Adobe Suite, Rhinceros, Grasshopper, Unreal Engine for VR, 3D printing, laser cutting.

Studio Tutor & Technical Tutor

FoDR, MSD, University of Melbourne

2/2018 - 6/2019

- Teaching tutorials for foundations of design representations
- Teaching digital design software, including Adobe Suite and Rhinceros

Architecture Assistant

Bandesign Architect, Japan

3 - 10/2016

- Participated in initial project discussions and conceptual designs;
- Assisted project architects with site survey and project analysis;
- Produced CAD drawings, physical models, CG renderings and competition presentations.

Student Ambassador

Kent School of Architecture

9 - 12/2014

- Organised social events for exchange architecture students from other universities;
- Provided language and conceptual design assistance on the Design Charrette;
- Practiced my skills of communication, event organisation and responsibility.

Internship

Architectural Design and Research Institution of Guangdong Province

7 - 9/2013

- Shadowed a group of architects for a comprehensive commercial building project;
- Involved with designing a studio apartment and discussed in groups;
- Self-studied 3D design programmes (e.g. Sketch Up and Rhinceros);
- Participated in training sessions on BIM design software – Revit.

📁 Other Experience

Airport Coordinator

NCUK

9/2014

- Organised the transition for over 200 international arrival students to their university accommodations from the airport successfully with my colleagues over two weekends;
- Practiced my ability to be reliable, flexible and adaptable to quick new changes.

Vice President

University of Kent Kendo Club

9/2013 - 6/2014

- Supported the President's work and leading the committee and club members on organising events and competitions;
- Organised and ran for general training sessions;
- The Club was nominated as one of the top 10 sport clubs of the year in the university.

🎓 Education

Master of Architecture

University of Melbourne, Australia

2/2017 - 12/2018

BA(Hons) Architecture

University of Kent, United Kingdom

9/2012 - 6/2015

🏆 Award

MSD Dean's Honour Award

5/2019

Awarded for academic excellence at University of Melbourne

SaloneSatellite Intesa Sanpaolo Special Award

4/2019

SaloneSatellite, Salone del Mobile Milano

Banyule Design for a Circular Economy Award

9/2018

Fringle Furniture 32, Melbourne Fringle

Autodesk Building Performance Analysis Certificate

8/2014

Sustainability design in engineering and architecture professions.

KSCV Volunteering Gold

5/2014

Awarded for volunteering more than 100 hours and completed over two training sessions.
